C-19 RED CHERRY SUDS™

FEATURES AND BENEFITS

Red Cherry Suds™ is a high sudsing, biodegradable car wash shampoo that is concentrated 100-to-1 for economy. It washes away dirt, grease and road grime and rinses easily. Its pH balanced formula will not harm previously applied wax or sealant. Contains built-in water softening agents to help eliminate water spots and hard water deposits. Red Cherry Suds™ is free rinsing, quick drying and leaves a pleasant fragrance. The wild cherry fragrance is also easy to work with. V.O.C. Content: 0 grams per liter

RECOMMENDED FOR

C-19 is the ideal car wash solution for all types of automotive finishes. Properly diluted, Red Cherry Suds™ safely and effectively removes dirt, grease, dust, bugs,

road grime and film from cars, trucks, buses, vans, etc... Excellent hand car wash solution for detail shops, dealerships, motor pools, auto auctions and rental/lease agencies. Also works great for automatic applications like rollover car washes.

APPLICATION

Directions: Shake well before using. For your protection, safety glasses and rubber gloves are recommended while using this product. Do not apply to a hot surface or let dry on surface.

Bucket Method: Wet surface of the car thoroughly. In a bucket, mix 1 to 2 ounces of concentrate to 1 gallon of water, depending on whether normal or heavy duty wash jobs are expected. Using a PRO® Wash Mitt (ML-7X9) or sponge, wash half of the car at a time while surface is still wet. Rinse car thoroughly with

water to remove contaminants and dry using a soft terry cloth towel or a PRO® Chamois (B-90).

Automatic Car Wash: RTU Solution: Dilute 5 gallons of Red Cherry Suds™ to 50 gallons of water. Then set metering device to 10-to-1.

SPECIAL NOTES

Keep from freezing. For best results, use a PRO® Wash Mitt (ML 7X9) and rinse surface area with softened water. Use PRO® Chamois (B-90) to wipe down surface.
