C-48 SHAMPOO & WAX

FEATURES AND BENEFITS

C-48 SHAMPOO & WAX does two jobs at the same time. It cleans and protects the car's finish while washing. C-48 is a thick concentrate (64:1) formulated to penetrate and lift away dirt and grime. Removes contaminants without the use of harsh chemicals or detergents. Wash & wax combinations often tend to film and streak, but not PRO® Shampoo & Wax. This premium wash and wax is fortified with genuine auto wax. C-48 beads and separates, simplifying the removal of excess water. The formula will not harm existing wax or sealants already on the finish.

RECOMMENDED FOR

C-48 is safe on all waxed and sealed finishes. Floats away dirt and grime while

reinforcing the wax finish on all painted finishes and chrome with each wash job. Shampoo & Wax is excellent for use on autos, boats, trucks, RV's buses, motor pools etc...

APPLICATION

Directions: Shake well before using. For your protection, safety glasses and rubber gloves are recommended while using this product. Do not apply to a hot surface or let dry on surface.

Bucket Method: Wet surface of the car thoroughly. In a bucket, mix 2 to 3 ounces of concentrate to 1 gallon of water, depending on whether normal or heavy duty wash jobs are expected. Using a PRO® Wash Mitt (ML-7X9) or sponge, wash half of the car at a time while surface is still wet. Rinse car thoroughly with water to remove contaminants and dry using a soft terry cloth towel or a PRO® Nano Chamois (B-300).

Automatic Car Wash: RTU Solution: Dilute 5 gallons of concentrate to 40 gallons of water. Set metering device up to 10-to-1.

SPECIAL NOTES

Keep from freezing. For best results, use with softened water.

PACKAGING

PINT/12 PER CASE
GALLON/4 PER CASE
5 GALLON CUBE
55 GALLON DRUM
