- **VOC Compliant**

C-52 WHITEWALL CLEANER

FEATURES AND BENEFITS

C-52 WHITEWALL CLEANER is an outstanding concentrate (5:1) that makes short work of this tedious job. Whitewall Cleaner contains wetting agents and detergents to remove tough grease and dirt. Cleans and brightens whitewalls without the use of damaging bleach. C-52 penetrates the tire surface to preserve and protect the whitewall from drying, discoloration and deterioration. Brings whitewalls back to their original beauty.

RECOMMENDED FOR

C-52 is fast and easy to use. Concentrated for those tough jobs. Formulated

and recommended for the removal of grease, dirt, brake dust, curb marks, oil and road grime from tires and whitewalls.

APPLICATION

SHAKE WELL BEFORE USING. Depending on how dirty the tires and whitewalls are, dilute C-52 as follows. For every one part Whitewall Cleaner, add up to five parts water in trigger sprayer. Spray diluted product on surface to be cleaned. Allow to set for 30 seconds. Rinse off surface thoroughly. For heavily marked tires and whitewalls, agitation with a brush may be necessary.

SPECIAL NOTES

Keep from freezing. Dilute with water as directed. Do not allow to dry on surface.
