## S-88

# VANTAGE™

## Non-Silicone Dressing

### FEATURES AND BENEFITS

S-88 Vantage™ is a high gloss, solvent base, multi-purpose dressing that is body shop friendly. Its ready to use, non-silicone formula is a special blend of natural oils that lay down evenly without runs, drips or messy foam to deal with. The solvent base carrier dries instantly and leaves behind a super high gloss shine on all types of surfaces. Restores the new car look to faded rubber, vinyl and plastic without the worries of airborne silicones. Eliminates fish-eye and paint contamination problems. Use on tires, bumpers, rubber mouldings, weather seals, side view mirror housings, windshield cowlings, splash guards, vinyl tops, vinyl interiors, door panels, dashboards, kick panels and rubber mats. Contains a fresh fruit fragrance.

### RECOMMENDED FOR

Great for body shops, detail shops, auto dealerships, car washes, auto

auctions and any where else a high gloss, non-silicone formula is needed. Use on tires, bumpers, rubber mouldings, weather seals, side view mirror housings, windshield cowlings, splash guards, vinyl tops, vinyl interiors, door panels, dashboards, kick panels and rubber mats.

### APPLICATION

Directions: Shake well before using. For your protection, safety glasses and rubber gloves are recommended while using this product. On badly weathered and soiled surfaces, pre-clean with C-52 Whitewall Cleaner or C-49 Heavy Duty Interior Cleaner depending on surface. Tires: Hold sprayer 4" to 6" from tire and spray evenly on a clean surface. Product lays down immediately with no runs or drips. Dries to a super high gloss shine. For less gloss, apply with sponge or terry applicator.

Rubber, Plastic & Vinyl: Wipe on pre-cleaned surface with sponge or terry applicator and let dry.

### SPECIAL NOTES

Keep container closed when not in use. Use only in well ventilated area. Not for use on clear plastic (instrument panels), vehicle controls (pedals, grips, steering wheels) or brake discs/drums. Solvent base dressing is not recommended for use on engine compartments or interiors. Use a PRO® waterbase dressing like S-71 Clear Rubber Dressing or S-81 Wipe-On™ Vinyl Dressing in these areas. Wipe off excess material to avoid unabsorbed product from spinning off tires onto body panels. Refer to MSDS for additional protective measures.

### PACKAGING

Gallon /4 per case  
5 Gallon pail
