S-93

PRIME SHINE™

DRESSING

FEATURES AND BENEFITS

S-93 PRIME SHINE™ is a premium, multi-purpose, solvent base dressing designed to condition, shine and protect rubber, vinyl and plastic. Prime Shine™ leaves a high gloss, water repellent coating that shields out the elements. This nutrient rich formula surpasses all competition when compared for appearance and protection. S-93 spreads evenly and upon drying, forms a barrier that out lasts all other dressings. The fresh fruity fragrance makes Prime Shine™ pleasing to the customer as well as the applicator.

RECOMMENDED FOR

Prime Shine™ can be used on tires, bumpers, moldings & trim, vinyl tops, rubber mats, interior plastic and dashboards. Prevents drying, cracking, fading and hardening of rubber, plastic and vinyl surfaces on both interiors (see special notes) and exteriors.

APPLICATION

Directions: Shake well before using. For your protection, safety glasses and rubber gloves are recommended while using this product. Pre-clean surface with PRO® C-52 Whitewall Cleaner or C-49 Heavy Duty Interior Cleaner.

Tires: With a sprayer, apply product evenly onto a clean, dry tire. Allow 2-3 minutes for runs to dissipate. Dries to a high gloss. For less gloss, apply by wiping on with sponge or terry applicator.

Rubber, Plastic & Vinyl: Wipe on pre-cleaned surface with sponge or terry applicator and let dry.

tires are wet to avoid unabsorbed product from spinning off tires onto body panels. Solvent based Dressings are not recommended for use on engine compartments or interiors. Use PRO® S-71 Clear Rubber Dressing, S-81 Wipe-On™ Vinyl Dressing or S-92 Premo® Dressings in these areas. Refer to MSDS for additional protective measures.
